INTEREST IN ESSANAY STUDIO SPREAD IN PICTURE INDUSTRY

"Broncho Billy" Said To Be Interested In Second Niles Venture

Developments are rapidly following one another all pointing to the speedy occupation of the old Essanay building by one of a number of interested moving picture producers.

G. M. ("Broncho Billy") Anderson, father of the original Niles project and now residing in San Francisco, is said to be interested in another venture in the old studio. "Broncho Billy" brought such stars as Charles Chaplin, Ben Turpin, and Mary Pickford to Niles in the first picture producing venture in the west.

Monday morning H. Peter Fehler, of San Jose, western representative of an Ohio firm manufacturing talking picture apparatus, and L. Ricker, of Los Angeles, formerly in the producing business, were in Niles looking over the situation. Ricker brought word that practically every producer in Hollywood is interested in the Niles site since publicity first appeared in that region several weeks ago telling of the studio being for sale.

Clear title to the building has at last been vested in Ed Rose, of Niles, after years of litigation. When this was first learned, the Register, after writing up the local article, sent a copy of the issue to every moving picture producer in Hollywood. The facts were soon in the southern papers, according to Ricker, and interest, which has been smoldering dur-

TRAIN WRECK VICTIM DIES LAST FRIDAY

Funeral of Manuel Maciel Held in Centerville Monday Morning

The death of Manuel Maciel, who was injured in a train-auto collision in Newark on Saturday, July 11, occurred in a Hayward hospital at six-thirty last Friday night. Six fractured ribs and a punctured lung were the injuries sustained in the accident and the cause of death.

EIGHTY-TWO BOYS AND GIRLS WORKING IN REGISTER'S CAMPAIGN

Centerville Boy and Mission Girl Lead the Race.

RIVALRY IS KEEN

Late Entrants Are Making Strong Bid for High Honors.

That boys and girls are much interested in the Township Register's Vacation Expense Money Campaign is evidenced by the large number of entrants registered in the campaign, with new entrants being added daily.

Eighty-two boys and girls registered in the campaign up to 6 p. m. Tuesday.

Campaign Manager O'Brien states that this is, without doubt, the largest number of entrants ever registered in a newspaper subscription campaign in this territory. The following fifty-six boys and twenty-six girls have already registered in the Register's Vacation Expense Money Campaign.

Following are the entrants:

Niles
BOYS—Jack Townsend, Howard Rose, Joe Correa, Elmo Cox, Lawrence Dias, Clarence Silva, Joe Fonseca, Robert Cox, Peter Bunting, Straud Britt, Donald Oliver, Harry Cesari, Robert Hinkson, Theo Wittorff, Teddy Trevannion, Buddy Mellow, Frank Correa, Phillip Hurley, Anthony Sousa, Elmer Andrade, Bert McKernan, Vernon Ellsworth, Floyd Manning and Tony Correa.

GIRLS—Myrtle Cox, Edith Hinkson, Mary Sousa, Lorraine Oliver, Frances Hepler and Thelma Wittorff.

Centerville
BOYS—Howard Stinhliver, Carl Nunes, Billy Millet, Tommy Choipiti, Bruce Wismer, Leonard Nunes, Eugene Robinson.

Howard Stinhliver Leads

Howard Stinhliver, of Centerville, was leading the boys' division and Helen Witherly, of Mission San Jose, the girls' division at 6 p. m. Tuesday for the gold money gifts.

The race is exceptionally close in both the boys' and girls' divisions for the six big gifts to be given boys and the six big gifts to be given girls at the close of the subscription campaign Saturday, August 8. Howard Rose and Elmo Cox, of Niles, were tied for second place and

only a few points behind the leader. Carl Nunes, Centerville, Billy Millet, Centerville, Joe Correa, Niles, and Robert Cox, Niles, are all close up to the leaders, with others working hard to overtake them.

Marion Dick, Centerville, is second in the girls' division with only a few points less than the leader, Helen Witherly. Alvina Santos, Alvarado, Myrtle Cox, Niles, and Mary Sousa, Niles, are close up to the leaders with several late entrants gaining fast.

With daily special prizes of valuable gifts for the high scores, and with 15 cents to 25 cents commission on every subscription, in addition to the \$60 in gold, it can readily be realized why these young newspaper salesmen are so enthusiastic when they call at your office or home for your Register subscription.

Boy Scouts will be interested in this liberal offer the Register is making, as it will enable them to secure their Boy Scout expenses.

Wrist Watches Given

Boy's wrist watch, also a girl's wrist watch will be given next week, in addition to regular extra gifts given each day consisting of cameras, Boy Scout pocket knives, pearl necklaces, footballs, Boy Scout flashlights, manicure sets, fountain pens, flashlights, California flower bead necklaces, Eversharp pencils, Boy Scout axes, trail finders, archery sets, roller skates, and many other gifts.

Mr. O'Brien particularly emphasizes the fact that children need not obtain any specified number of subscriptions to the Township Register to obtain something in return. Those who get only one subscription will be paid for the effort. The twelve big gifts will be awarded the leaders regardless of the number of subscriptions they obtain.

Printed List of Addresses

Campaign Manager O'Brien is now prepared to supply boys and girls with a list of addresses from which they can get subscriptions. This list will be a big help to all the boys and girls that register in the campaign.

Regardless of whether the gift is won or not, each boy and girl will be paid in cash commission on every subscription they bring in. There are absolutely no strings tied to the gifts or commissions.

See that your favorite boy or girl gets their share of The Register's gifts by giving them your subscription or leave it at The Register office, with notice as to what boy or girl you wish to have credit for your subscription.

G. G. Cox and family spent Sunday with friends in Richmond.

CAMPAIGN EXTENDED ONE WEEK; MORE MONEY AND GIFTS FOR BOYS AND GIRLS

TO ENABLE BOYS AND GIRLS to call on every resident in Washington Township and secure their new or renewal subscription to The Township Register the Boys' and Girls' Vacation Expense Money Campaign has been extended one week, to Saturday, August 8.

This will enable boys and girls to earn a good many additional dollars and also more of the useful and valuable gifts that are given daily by The Register, in addition to the \$60.00 in Gold to be given boys and girls Saturday, August 8.

Boys and girls can register now and have equal chances to share in all the gifts. Boys and girls are urged to register at once.

HAY, HAY!

Baled hay to the roof in the Main street subway under the Southern Pacific tracks slowed down traffic for several hours last Thursday morning. A south-bound truck and trailer dumped the hay when the load shifted on the trailer just at the foot of the grade in the north end of the subway.

DR. M. M. ENOS SURRENDERS IN SUPERIOR COURT

Grand Jury Returns Two Indictments On the Twelve Counts.

Dr. M. M. Enos, charged with statutory offenses reputedly committed on his Irvington ranch, surrendered in the superior court of Judge Fred V. Wood Saturday following the Alameda county grand jury's action Friday in returning two indictments containing twelve counts.

Bail was fixed at \$20,000 for the two indictments, \$15,000 on the first which contains two felony counts, and \$5,000 on the second which contains charges of contributing to the delinquency of minors.

The grand jury was in session for nearly three hours Friday afternoon hearing testimony from seven Oakland girls ranging in age from ten to seventeen years. The girls are declared to have been lavishly entertained at Dr. Enos' country home at Irvington. It was there that most of the alleged acts are said to have taken place.

Dr. Enos was arrested last Monday on warrants issued at the complaint of parents. He was released on bail in the sum of \$22,000 pending the grand jury hearing which resulted in the formal charges.

Returning of the indictments will result in Doctor Enos being arraigned at once in the superior court without the necessity of holding preliminary hearings in the police court or detention home, where the juvenile court is held.

DRIED APRICOT RUN LARGEST IN YEARS IS LOCAL REPORT

NILES CANNERY STARTS PEACHES THIS MORNING

Expect Good Run—To Last Till First of September

The Schuckl Cannery opens this morning on peaches. According to officials or the concern they expect a good run this year to last till September 1.

Peaches are advanced nearly two weeks this year as compared to last. Although the cannery started on peaches last year on July 19, they were Tuscan, or early peaches. This year's run starts off with midsummer peaches which did not start last year till August 1. Last year's closing date was September 7.

NEW NILES FAMILY

Mrs. E. G. Weed, her daughters, Helen and Royce, and her son, Emery, moved to Niles Tuesday from Alameda. They join Mr. Weed who has taken over the old MacPherson jewelry store. Helen and Royce will be students of the grammar school this fall, while Emery is of high school age.

Cutting to Be Cleared Up By the End of This Week

Local ranchers have experienced the largest apricot drying season in years. Many finished cutting last week and the tardiest expect to be through this week.

Statistics available would indicate that the volume of cots dried this year is nearly five times greater than last year.

The financial outcome of the dried apricot crop is still in doubt. The finest lots of even run will command practically as good a price as ever, but mediocre cots will bring in considerably less, both because of their quality and because of the increase in the number of dried cots available this year.

The number of medium and low grade lots was materially increased this year, driers stated, due to the fact that many farmers could not afford to spray their trees this spring. Driers will undoubtedly lose on the lowest grades and it remains to be seen whether the high grade cots will make up the difference.

Tony Garcia, Niles, spent four weeks cutting cots, employing 30 to 100 workmen, and dried over 300 tons as compared to 75 tons last year.

It will probably be only a few days till cutting and drying of peaches will commence.

POKES HOLES IN THE ATMOSPHERE

WE WENT up to Oakland again last week to see just how our friend, the orchestra leader, was performing. We thought maybe he might take a hint, and stop his private circus. But vain were our hopes. He was there at the old stand, punching holes in the atmosphere with his baton, and all but ripping the seams out of his breeches in his fearful gesticulations.

It made us weep, but in the midst of our tears a ray of sunshine broke forth. Our friend, waving his baton high and shaking his lionesque head until we feared for the dislocation of his collar bone, called for one of his lieutenants in the orchestra to come forward. A nice chap he was that responded to the boss with the stick, and his smile disarmed us on the spot. The orchestra leader handed the young man the baton and told him to try his skill on the house. The soothing effect on the audience was instantaneous. The boy was modest; maybe bashful. Anyway, he kept the baton, as well as his arm, under commendable control.

So we guess Fox-Oakland is breaking in another orchestra leader.

Such is the power of the press.

FALL A PITIABLE PICTURE

AN OLD MAN, of great intellect, once proud, now broken in spirit and body, goes to the penitentiary at Santa Fe, New Mexico, to serve a year's sentence for accepting a bribe, and betraying a great government that had repeatedly honored him, that had nurtured him in his youth, and brought him prosperity, power, friends—everything that a man might reasonably want—in middle age. Fall is his name, ex-secretary of the interior, and involved in that Tea Pot Dome exposure that shocked the nation, and brought upon America the reproach of the world.

Out of the hundreds who profited illegally by the corruption of the Harding administration, only

SALTS SCORE WALK- OVER IN SUNDAY FUN-FEST

Oakland Y. M. I. Beaten By Lopsided Score of 25 to 7

One of the most one-sided games of the season was played at Alvarado when the Salts won from the Oakland Y. M. I. by a score of 25-7.

The Salts had been scheduled to play the Golden State Bakery, but due to some unavoidable condition, the bakery players were unable to come.

The game from the beginning was in the Salts' favor. Score-keeper Joe Nunes was kept more than busy trying to jot down the hits and runs.

In the seventh inning Degermark decided that he had caused enough strikeouts, so Perry was put on the mound. The game was a continual laugh, but Umpire Rose stated that the game was getting too long and since he had an important engagement for the evening he started to call some raw ones on the Salts much to the enjoyment of the fans and both teams.

Degermark stated he would rather lose than play such an infernally babyish game.

FIREMEN FIGHT FOUR HOURS TO CHECK GRASS FIRE

Night Blaze Creates Brilliant Spectacle for Decoto Region

A grass fire on the hill back of Black Crow canyon put up a stiff battle against Decoto firemen and supplementary crew of volunteers late Friday night and into the wee small hours of Saturday morning.

Eight firemen and extra volunteers to make a total of approximately twenty-five under the leadership of Chief Roland Bendel answered the alarm turned in about nine-thirty Friday night. The fire stubbornly resisted efforts to check it, but was brought under control by 1 a. m. Saturday.

The blaze was visible for miles while the fire lasted. No damage to property in the vicinity was reported.

Difficulty in climbing the hill with the apparatus was encountered, and it had not been for a substitute truck with supplementary low gear the hill could not have been climbed, is the opinion of Bendel. The substitute truck is one loaned to Decoto by a Sacramento firm which is overhauling the regular apparatus.

NILES CLEANERS CHANGES HANDS LAST FRIDAY

Niles Cleaners and Dyers changed hands last Friday when it was sold to L. Santilli and J. Carnesecca by Ed Haines who has been manager of the cleaning plant for the past eighteen months.

Carnesecca was for five years chief dry cleaner and spotter at the Letterman Hospital of the Presidio, San Francisco. He is a licensed chemist in the Department of Agriculture, State of California. He has spent a total of fourteen years in the business, including one and one-half years as manager of the Sanitex cleaning establishment in San Jose.

The partners are emphatic in their protestations that they are in Niles to cheerfully and promptly serve the cleaning needs of this community, and they will absolutely guarantee all work they take into their plant.

CARNIVAL SHOW IN CENTERVILLE ALL THIS WEEK

The Robt. N. Clark Shows, organized and operated as a California show, is a carnival, not the biggest but one of the cleanest and best of this type of amusement. One of Clark's four shows is operating in Centerville all this week.

Clark started his show experience in his early teens, in southern Ohio. In his work since as newspaperman and in different capacities for traveling shows and carnivals, his constant dream has been a show of his own. In 1925 he and a partner started a carnival with fair success. In 1926 he branched out for himself and since then his business has grown to its present four-show size.

Clark's farsightedness having warned him that the days of graft, gambling and cheap girl shows that border on immorality were gone forever, and that the public demanded clean, high-class entertainment, he has built his show on the policy of "Clean, honest, and fair dealing." Consequently he continues to play his territory even through the stiff opposition offered by the big motion picture interests.

N. Potts, the genial new watchman, is becoming acquainted with the townspeople and is very happy in his work.

MOSQUITO WAR RAGES UNABATED THROUGHOUT MID-SUMMER MONTHS

COLLISION VICTIM FINED ON LIQUOR CHARGE

As the outcome of an automobile collision last Thursday evening, Felix Romo, of Hayward, pled guilty to possession of liquor and was fined \$20 by Judge J. A. Silva Monday.

Romo, driving with two friends down Main street, failed to notice the turn under the Southern Pacific tracks and kept a straight course toward the nursery grounds. A car coming from out the subway collided with Romo's machine.

When the driver of the other machine failed to prosecute on traffic charges, a liquor charge was lodged against Romo on the evidence of a demijohn of intoxicants found in the car by officers. Although it is said Romo was sober, it is alleged his companions were both intoxicated.

Cesspool Oiling Campaign Planned by Roland Bendel

In an effort to combat the night-biting mosquito—he's the one who breeds in your own front yard—a crew of three men under Roland Bendel, of Depoto, are starting a campaign to oil every cesspool in Washington Township. This campaign is part of the mosquito abatement work being conducted this summer.

This particular campaign is not only to reduce the mosquito nuisance but also to eliminate chances of disease infection among the townspeople. Breeding in the cesspools, the mosquitoes form an excellent means of carrying and distributing the germs which breed side by side with them. By eliminating the mosquito breeding in such places the distribution of disease germs is materially reduced.

In their work the crew realizes that many private cesspools may be missed. They are anxious to have the co-operation of the township citizenry in locating every pool. Word may be given to Roland Bendel, Decoto.

As another phase of the mosquito abatement work the men plan to place the mosquito killing gambusia fish in every duck pond. Many private ponds have already been stocked with these fish and as they multiply as fast as guinea pigs many pools are being overrun by them. The crew will immediately relieve such a condition if notified through Bendel.

They have been at work on this project since early spring and have already cleaned up many of the worst spots in Mission San Jose, Decoto, Alvarado, and Warm Springs. The work is of inestimable value to the township. Constant watch must be kept as mosquitoes hatch once a month, and monthly rounds must be made for oiling purposes to keep the pests down.

Those working under Bendel in the campaign are M. J. Bernardo, of Centerville, former constable, and Milo Pierce, of Decoto.

Editorial Comment

NORMAN H. PARKS, Publisher Register

two have paid the penalty—Gaston Means, an investigator for the attorney general's office, and Fall, now the broken, unhappy old man, whose children weep with him in this hour when at last he pays the law's penalty for his treason to the people.

The country gets no satisfaction out of seeing this tottering old man begin his prison sentence in that quaint old Mexican city of Santa Fe. His crime was committed so long ago that time has mellowed the public's anger against the corruption of that shameful period of exploitation and speculation. Doheney, the man who was charged with giving the bribe, escaped. By one of the most peculiar twists in judicial jurisprudence, he was acquitted of giving a bribe, while Fall was convicted of receiving the bribe that Doheney was absolved of giving.

The present attorney general is to be commended, no matter what humanitarian and sympathetic emotions may rack your soul over Fall's sad ending, because he and his assistants have relentlessly pursued an honest course in seeing this once powerful and influential man brought to justice like the common criminal without funds and friends.

Let it be a lesson to the country. Let it be a lesson to youth. A lesson not only in public life, but a lesson in private life. What good is power, wealth, renown, if to win all these one dishonest act must be committed! In the end all totters, like a house of cards. Fall, what would he not give in this hour of dishonor, to have only a little law practice in El Paso and the respect of his friends. All past honors, wealth, and the things that went with them—these he would joyfully sweep away if only he could have back again the respect of simple folks!
